FIND YOUR PERFECT BRA SIZE
STEP 1 Put on a non-padded bra. Using a soft measuring tape, measure around your chest, just under the bust. If it's an odd number, round up. If you measure 38" or below, add 2". This is your band size.
STEP 2 Measure around fullest part of bust. If the number is on the half inch, round up. This is your bust size.
STEP 3 The difference between your band and bust measurements is your cup size. See chart.
STEP 4 Combine your band size and your cup size for your ideal bra size.

How We Will Calculate Your Balance: We use a method called "daily balance". See your account agreement for details.

IMPORTANT INFORMATION ABOUT OPENING AN ACCOUNT: To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify and record information that identifies each person who opens an account. What this means for you: When you open an account, we will ask for your name, address, date of birth or other information that will allow us to identify you. We may also ask to see your driver's license or other identifying documents.

CA Residents: If you are married, you may apply for a separate account. **OH Residents:** The Ohio laws against discrimination require that all creditors make credit equally available to all creditworthy customers, and that credit reporting agencies maintain separate credit histories on each individual upon request. The Ohio Civil Rights Commission administers compliance with this law. **NY, RI and VT Residents:** We may order credit reports in connection with processing applications/solicitations and any update, renewal or extension of credit. Upon request, we will tell you the name and address of any consumer-reporting agency that furnished a report on you. You consent to the obtaining of such reports by signing or otherwise submitting an application or solicitation. **WI Residents:** No provision of a marital property agreement, unilateral statement under Section 766.59 or court decree under Section 766.70 adversely affects the interest of Comenity Bank, unless the Bank, prior to the time credit is granted, is furnished a copy of the agreement, statement or decree or has actual knowledge of the adverse provision when the obligation to the Bank is incurred.

Important Information for Covered Borrowers Under the Military Lending Act:
Federal law provides important protections to members of the Armed Forces and their dependents relating to extensions of consumer credit. In general, the cost of consumer credit to a member of the Armed Forces and his or her dependent may not exceed an annual percentage rate of 36 percent. This rate must include, as applicable to the credit transaction or account: The costs associated with credit insurance premiums; fees for ancillary products sold in connection with the credit transaction; any application fee charged (other than certain application fees for specified credit transactions or accounts); and any participation fee charged (other than certain participation fees for a credit card account).

You can choose to stop receiving "prescreened" offers of credit from this and other companies by calling toll-free 1-888-567-8688. See **PRESCREEN & OPT-OUT NOTICE** below for more information about prescreened offers.
